## ASAPH'S TABLE

### SUPPORTING PASTORS. STRENGTHENING WORSHIP LEADERS.

Asaph's Table exists to serve the local church by supporting one of its most visible, and often most under-supported, roles: the worship leader. We partner with pastors to provide formation, care, and clarity for worship leaders so they can serve with longevity, depth, and health.

We are not here to replace pastoral leadership. We exist to come alongside pastors as a trusted ally, helping shepherd worship leaders through theological grounding, vocational formation, and soul care.

### WHY THIS MATTERS

The average tenure of a worship leader is approximately 30 months. This turnover is costly, emotionally, relationally, and culturally. Many worship leaders enter ministry with strong musical skill but limited theological formation, unclear expectations, and little pastoral care. Over time, this leads to burnout, misalignment, or departure.

### ASAPH'S TABLE HELPS CHURCHES MOVE FROM REACTION TO INTENTION.
